Course content

This ACE module will include detailed observations, ACE Free Work, the link between posture and behavior, calm hand contact including some of the unique TTouch body work, quiet cues, and lead handling exercises to give you simple tools and techniques to help the animals in your care.

The course will include practical elements with the attending dogs and class-room based learning.

Booking information

If you would like to book a place on this clinic please return the booking form to the office, and transfer your deposit of £120.00. Please note payment should be made to the ACE Bank account. We only use your contact details to send you relevant information regarding this course.

Please note deposits and course payments are **NON-REFUNDABLE** and **NON-TRANSFERABLE** after fourteen days from date of payment. The balance is due three months prior to the start of the module. You will be sent a receipt and an email confirming your place once we have received your deposit.

If you need to cancel your place due to circumstances beyond your control, we will endeavor to fill your place provided we have people on the waiting list that can take your place. We are repeatedly asked to refund or transfer bookings but this is no longer possible as we make a financial commitment when we organise the clinics. It is unfair to everyone if we refund/transfer one booking but not another, and we ask for your understanding on this matter. If you are in any doubt as to whether you can attend the clinic, please do not book a place until you are confident that you can attend.
